Announcement of the appointment of Mr. Rawson, who is chairman of the Republican state central committee, to succeed William S. Kenyon in the upper house of congress, was made by Governor Kendall today.

Mr. Rawson was born in Des Moines, May 29, 1867. He is engaged in the manufacture of bricks and tile with many side lines. He is a director of the Des Moines National bank and serves as director of half a dozen insurance companies and trust companies. He was named chairman of the state central committee in 1912 and has served constantly since.

During the world war Mr. Rawson served overseas with the U. S. C. A. He is a graduate of Grinnell College and has taken an active part in college work in Iowa. He was married February 1, 1904, to Miss Clara Hubbard, of Des Moines.

### Get-Rich-Quick Scheme Nipped

ANOTHER Ponzi get-rich-quick scheme has been uncovered, Chicago police declare, by the arrest of three officials of the American Novacolic Company, and a statement of one of those seized. The three pictured here, are, left to right, Anthony A. Levecki, office manager; Luke Lynnes, president, and Thomas Moran, secretary. Police say Levecki told them the company borrowed money from workmen, promising a return of 20, 40 and 60 per cent and used the money in stock manipulation. Five thousand to 6000 placed their savings with the company.

### Sought

LESLIE HARRINGTON, Chicago police say, has been named by Anthony A. Levecki, office manager of the American Novacolic Company, as the "brains" of the company, which is alleged to have engaged in get-rich-quick stock manipulations at the expense of 5,000 to 6,000 workmen investors.

### FORDNEY SAYS HOUSE WILL PASS A BONUS MEASURE

WASHINGTON, Feb. 17.—(By Associated Press).—"The soldier bonus bill will be reported to a Republican caucus within the next ten days and a Republican house will pass it," Chairman Fordney, of the ways and means committee, declared in the house today during a discussion over the manner of its framing.

The house was thrown into an uproar during discussion of the measure after Representative Garner, of Texas, ranking Democrat on the committee, had protested against the action of the Republican members in calling in a representative of the American Legion to advise with them at a secret session from which Democrats were excluded.

Representative Mandell, Wyoming, Republican leader, answered Mr. Garner, and then Chairman Fordney joined the debate.

"The Republican members of the ways and means committee have not thought it proper to call in men unalterably opposed to the bonus for a discussion of that bill," the chairman declared.

"We had before us today an officer of the legion so we could ask him for expert information and he gave it. The bonus bill will be presented to a caucus of house Republicans in ten days and a Republican house will pass it. The Republican caucus will either agree with what we have framed, or will direct us how to fix it."

In making his attack on the committee, Mr. Garner without mentioning names, had reference to the appearance of John Thomas Taylor, of the American Legion, and Richard Jones, representing veterans of foreign wars, who were before the committee today.

Declaring there was no objection to Republicans working secretly on the bill, Mr. Garner protested against the action of Republican members in having an executive session at which witnesses were called to determine legislation.

"I say frankly that this system ought not to exist and the house should prevent it," Mr. Garner said. "If the statement that the men appeared is correct it is an outrage on the house. You have no right to hold secret sessions and invite the legion people to tell you the character of legislation desired, without admitting Democratic members."

The national grange is "materially opposed" to the sales tax or to any form of "direct consumption tax," T. C. Atkeson, Washington representative of the organization, declared today in letters sent to Chairman Fordney, of the house ways and means committee.

The national grange, Mr. Atkeson said, has suggested an excess profits tax to pay the cost of the bonus and "should that be inexpedient, the tax decided should be so levied that it will not be added to the direct cost of necessities of the great number of people of limited income."

### Parley To Be Opened In Washington Next Week

WASHINGTON, D. C., February 17.—(By the Associated Press)—An international conference to consider the allocation of former German cables in the Atlantic will be called in Washington next week, Acting Secretary Fletcher announced today.

Representatives of France, England, Italy, Japan and the United States will be asked to meet and determine the disposition of the three cable lines taken over under the provisions of the treaty of Versailles.

The cables are now being operated by England and France, under an agreement with the other interested powers which provides that the revenues shall be impounded and later divided among the powers in accordance with decisions reached by a conference on the subject.

Under the present arrangements, former cable from Halifax to Penzance, while France is in control of two running from Brest to New York and from Brest to Pernambuco, Brazil. All the cables operate by way of the Azores.

Italy has been seeking use of one of those cables and has suggested that revenues from their operation be applied to the construction of a new line from the Azores to a point in Italy, thus giving the Rome government direct cable communication with the Americas. The chief interest of the United States, it was said at the state department, has been to obtain direct cable communication with Germany over the line from New York to Brest, connecting there with a line terminating in German territory.

The interests of Japan in the former German cables are understood to have been largely satisfied by the award to her of one of the lines radiating from the island of Guam in the Pacific, it was said, but Ambassador Shidehara will be invited to the forthcoming conference, because of Japan's direct interest in the Atlantic cables under the Versailles treaty.

ASTORIA, OREGON, February 17.—(By the Associated Press)—John H. Bell, ported locally as a hunter of wild fowl and who for a period of years past has eaten his fish regularly, was taken seriously ill a week ago with a mysterious ailment. Physicians removed more than 200 of the shot, but a new X-ray examination yesterday showed more than 100 shot still in the digestive canal.

Preparations were made for a second operation for removal of the shot which the doctors said Bell had voluntarily swallowed in eating lead shot whose carcasses he had smothered with them.

### Protest The Statements By Craig

BELFAST, February 17.—(By the Associated Press)—The executive board of the Sinn Fein in Belfast after a meeting last night sent a telegram to Professor John MacNeill, speaker of the Dail Eireann, in Dublin, as follows:

"On behalf of the religious and political minority in Belfast, forming 100,000 citizens, we protest against the misleading and lying statements contained in the telegram addressed by Craig (Sir James Craig, Ulster premier) to the premier of England, in which he states that the recent inhuman atrocities committed on people have been subjected to the outcome of raids in Tyrone and Fermanagh, and the attack on Clones station."

"We assert that it can easily be proved our people were being murdered almost daily for a week before either of the occurrences mentioned. Furthermore, we are convinced that Craig deliberately made this misrepresentation for the purpose of excusing or justifying the cruel and cold-blooded murders being inflicted on the minority in this city, on whose behalf we speak."

### Northeastern Part Of The Nation Is Sheeted In Ice

WASHINGTON, D. C., February 17.—(By the Associated Press)—Northeastern United States was sheeted in ice today as a result of a cold snap of unusual severity, according to reports to the weather bureau, whose forecasters would predict little relief before Saturday.

On the other hand, the northwestern sections, which normally would be enduring the coldest period of the season was said to have comparatively high temperatures.

The coldest spot in the United States was Canton, New York, Northfield, Vermont, and Greenville, Maine, where the thermometer shivered around 22 degrees below zero. New York City, with a temperature of that zero, weather bureau officials said, probably was undergoing colder weather than cities with lower registers, however, because of the abnormality of such temperatures in the metropolis and the fact that it was accentuated by a moisture laden wind.

The cold wave was in effect today far below the Mason and Dixon line, several cities reported record low temperatures for periods of several years.

A decided rise was said to be already in progress throughout the Mississippi valley and the plain states. Local snows are probable, however, it was stated, in the upper lake section.

### Moonshine War In Kentucky

"Business men" has entered the moonshine war, with quantities of whisky and low prices. He is being fought by the small operator who is seeking to maintain high prices by furnishing "tips" about the law to prohibition officers.

### Kills Man In Office Of Attorney

SOMERSET, KY., February 17.—(By the Associated Press)—John F. Todd, farmer, who yesterday shot and killed A. P. Wilson, wealthy landowner, in an attorney's office here, after Wilson, had denounced as a "black lie" Todd's charges that he had been intimate with Mrs. Todd, today remained silent concerning the case.

The shooting occurred during the taking of depositions in divorce proceedings. Wilson had been named co-defendant in Todd's counter claim against Mrs. Todd's suit charging cruelty.

Mrs. Todd was in an anteroom where she could hear the testimony. "Were you ever intimate with Mrs. Todd?" asked Judge William Carron, attorney for Mrs. Todd.

"Absolutely not. It's a lie, as black as one as ever was told."

Before there was time for any one to interfere, Todd had whipped a pistol from his pocket and fired four shots at Wilson, scotched only a few feet away. Three shots took effect and Wilson died a few minutes later. Todd surrendered and was taken to jail. He is the father of three children. Wilson was a daughter who is the wife of James Sever, star University of Kentucky football player.

### Why Is Love Blind? Here Are Answers

SYRACUSE, N. Y., Feb. 17.—(By Associated Press).—Twenty-one young men and women, members of the Syracuse University Biblical Club who are either studying for the ministry or to become missionaries have answered the question, "Why is love blind?"

The question was propounded at the last meeting of the club and here are some of the answers from the women:

"Because he respects other people's feelings."

"So that lovers will not be embarrassed."

"He is too much taken up with the matter in hand to notice other people's feelings."

"He must be blind because he does not profit by his past."

"It's luck he is blind, or he'd work himself to death."

From one of the men came:

"Take a look around the campus at the specimens. If he were not blind, would he have made any such combinations?"

### Says Right Man Was Hanged

NEW CASTLE, PA., February 17.—(By the Associated Press)—Former County Detective Creighton Logan today took issue with the statement of J. M. Dunlap, present county detective, that the wrong man was hanged for the murder of Game Warden Hunt in 1909. Logan said that Rocco Rocco, who was hanged, admitted implication in the murder, and added that when he inquired of the priest who confessed to the crime, whether the officials could "sleep easy" in regard to the conviction, the priest patted him on the back and said, "The law seldom makes a mistake." Dunlap issued a warrant charging James Murdock with the murder when the latter returned to Hillsville, near here, to attend the funeral of his sister this week. Officers guarded the front of the church, where the services were being held, but Murdock, informed of their presence, slipped out the back door and escaped. New York police have been asked to watch for Murdock.

### Gambling Clean-up In Newport

NEWPORT, KY., February 17.—(By the Associated Press)—The state troops in their clean-up campaign in Newport today turned their attention to places where gambling is said to have flourished. Six squads of the soldiers searched various resorts and confiscated paraphernalia which it is said was used for gambling purposes. No arrests were made, but the officers in command of the soldiers served notice that all men suspected of being professional gamblers had better turn their backs on this city.

The equipment confiscated was taken up to the Newport rolling mill where the soldiers have made their quarters since being called to Newport on strike duty.

### Bonus Bill Problem Is Up To Committee

WASHINGTON, D. C., February 17.—(By the Associated Press)—Majority members of the house ways and means committee, in whose hands the soldiers' bonus problem now rests, before meeting today had indicated they planned first to consider "President Harding's suggestion that the cash payments be deferred until they could be made in a lump sum instead of spread over a period of two and a half years. It was stated that officers of the American Legion would be called in to give their views on this alternative, which the committee planned to examine instead of taking up immediately the question of taxation or other means of financing the bonus. Whether the bonus bill could be put through with a general sales tax provision, as recommended by the president in his letter yesterday, is the only alternative, in his view, to postponement of the legislation, was regarded by leaders generally today. Both Republican and Democratic as to uncertainty to warrant provision, in view of the strong opposition to such a tax, however, believed that many of those now opposed to it would come to accept such a provision in the bill rather than see the bonus program defeated.

### Scores Menaced By Explosion

CLEVELAND, O., February 17.—(By the Associated Press)—Lives of scores of persons were endangered early today and damage estimated at \$250,000 was caused by a fire of unknown origin and a series of explosions that wrecked the furniture plant of the A. C. Mfg. Co. here. There were three explosions, the last one coming in the rear wall of the plant and crushing a two-story frame house under tons of brick. A large quantity of paints and oils stored in the rear of the first floor caused the first two explosions, firemen said. The third blast is believed to have been caused by the bursting of a boiler in the basement.

August H. Claus, president of the company, said the damage to the building alone was \$125,000. Damage estimated at fully \$125,000 more is believed to have been done to the surrounding homes and stores.

## Interest Increases In Wilson Memorial

Interest in the local campaign for the Woodrow Wilson Memorial Foundation has increased with the second week of the appeal, according to W. A. Inman, general chairman. Among prominent Republican contributors to the fund is former Governor Samuel W. McCall of Massachusetts, who said in a letter accompanying his gift: "If Woodrow Wilson had done nothing else than bring about the armistice, which he did in the fall of 1918, against very formidable opposition in this country, he would have merited the gratitude of the people of the United States and the world. Had it not been for his action in separating the German people from the German government and making it necessary for Germany to end the war, it doubtless would have continued for many months longer."

## Bill Raiser Operating In City

Beware of the bill raiser. One is operating in the city and the police are camping on his trail. They say they have a one dollar bill, which the man raised to five and passed it on a local merchant. And for his trouble he had to make four very smooth alterations on the bill so the deception would be complete.

## Mr. Newman Is A Real Chicken Raiser

While Howard A. Newman, 921 Second street, was highly elated when his display of White Leghorn chickens won practically all first prizes in the recent poultry show held in this city, nevertheless he is prouder than ever of his flock of thoroughbreds since hearing from the Hillview Farm, Mend, Illinois, congratulating him upon the birds. Mr. Newman took several snapshots of his finest birds and sent them to the above chicken farm, specializing in White Leghorns. The letter he received was very complimentary, the expert saying that the birds owned by Mr. Newman being of such high quality that they would win ribbons in the Chicago Coliseum show. When it is known that the Hillview Farm won every first prize in the White Leghorn class at the above show, it will become apparent that Mr. Newman must certainly have a choice lot of birds. At the show here Mr. Newman's male White Leghorn took the sweepstake prize, securing the ribbon as the champion male bird of the show.

## Increases the action of the intestines

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which keep the intestines healthy. In one series of tests cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer.

## No Progress In Taylor Murder Case

LOS ANGELES, CAL., February 17.—(By the Associated Press)—Following a two hour re-examination of William Davis, chauffeur for Mabel Normand, yesterday, investigators, police detectives, deputy sheriffs and others assigned to the task of trying to solve the mystery surrounding the murder of William Desmond Taylor, motion picture director, resumed their duties today with the announcement they had made practically no further progress in the case as a result of quizzing Davis. Though some of the investigators have eliminated Edward F. Sams, former butler for Taylor, from any connection with the case, the search for the missing man has not been abandoned. Latest reports to the authorities here relating to him came from Hartford, Conn., where Sams was said to have been known among navy sailors during 1919, as "ebbie" Snyder. Another report received by police detectives working on the case was that the missing butler had fled to Mexico and had been seen in Chihuahua.

**S**PRING in the Apparel Sections is fraught with thrills of the most breath-taking sort. Delightful surprises greet one at every turn. Creative minds have labored unceasingly with the whole world for a workshop and the result is a Spring symphony of enchanting form and color.

### The Spring Tailleur—

Arresting changes have been taking place in the realm where the suits come from and the new Spring models are as glibful as a coquette. Fashion folk to whose mandates all the world bows, are responsible for the loveliness of the new Tailleurs. Prices are equally as satisfactory—

\$22.50 upwards to \$89.50

### Charming Spring Dresses—

Styles that emphasize the newer ideas and particularly the new spirit of Spring in every way. However, the charm of simplicity has not deserted the Frock for Spring even though they are so very different — and you will find them to be conservatively priced—

\$17.50 upwards to \$99.50

### Bromley Sport Frocks—

Youthful wool Jersey Frocks—conspicuously smart for wear without wraps. With their novel wide collars and cuffs, their attractively pleated skirts and other features of styling they are uncommonly delightful.

Priced at only \$9.75

### Newest Coat Modes—

Spring Coats fall into three groups; those designed for sport or practical wear, those for so-called street or dress wear, and the cape, which promises to ascend in favor. Materials and colors present a wide, fascinating variety. Prices range from—

\$15.95 upward to \$97.50

### Spring Skirt Versions —

Gaily the new separate Skirts flaunt their stunning plaids and stripes to delight the heart of the sportswoman. More subdued in tone but strikingly effective are the models designed for general wear. Prices—

\$6.50 upwards to \$26.50

### Many A Picturesque Note In Lovely New Blouses

Here, as well as among the frocks, the picturesque attire of the continental peasant has been the inspiration for much that is lovely. Both modes and garniture infect the type to a charming degree and one finds the new Blouses a fittingly beautiful complement for the new Tailleurs. Prices—

\$5.95 upwards to \$16.95

### Spring Millinery— Captivating Indeed!

A riot of new colors—a sprinkling of new straws—ribbons, flowers and feathers! Such is the impression a stroll through the Millinery Section gives one—plus a genuine yearning to "try them on". And it is just this that we cordially invite every woman to do—to visit the initial display of Spring Hats.

\$5.95 upwards to \$18.50

### To Merge Sunday School Organizations

E. E. Barnhart, Director of Religious Education for the Portsmouth District, has just returned from Chicago, where he attended the Sunday School Council of Evangelical Denominations, thirty-two denominations cooperating, and also the International Sunday School Association. Hereafter, instead of having two organizations doing something like the same type of work, there will be only one with an entirely new name. The merged organization will be called the International Sunday School Council of Religious Education.

The merger that has now taken place in the national bodies will be continued on down through the states to comply with the spirit of the merger, which now brings the denominations and the Sunday School Association together with a common working program. There was not a dissenting vote.

Mr. Barnhart while there saw all the speakers that have been advertised to occupy the various pulpits here in the city and the out-

lying districts on Sunday the 26th inst., and they are all planning to arrive some time on Saturday before so as to be ready for their respective appointments Sunday as scheduled in last Monday's paper. Do not forget the Sunday School institute to be held in the United Brethren church on Sunday afternoon of the same day at 2:30 for everybody interested in Sunday School work. Especially do we urge all pastors, Sunday School officers and teachers and workers to attend. We have the promise of several special speakers for this occasion.

## ERSKINE DALE PIONEER

by JOHN FOX, Jr.

**BEGIN HERE TODAY**

Erskine Dale captured in infancy by the redskins of Kentucky, is adopted by the chief of the Shawnees and given the name of White Arrow. He is told that his mother was killed by him but was later killed.

Maltreated by an Indian brave, Erskine flees to a settler's stockade and is recognized by his mortally wounded father.

Dave Yandell, a pioneer, acts as guardian, and sends the boy to Red Oaks, the great Dale plantation on the James, occupied by Colonel Dale, younger brother of Erskine's father. Erskine is kindly received by his cousins, Barbara and Harry. Soon he quarrels with Dave Grey and threatens to stab him. Later Erskine is ashamed of his outburst and flees to the wilderness. Dave Yandell, Harry and Hugh Willoughby, another cousin, start in pursuit.

**GO ON WITH THE STORY**

At sunset Dave knew that they were not far behind him, but when darkness hid the lad's tracks Dave stopped for the night.

"Dave laughed aloud the next forenoon."

"He's seen us tracking him" and he's doubled on us and is tracking us. I expect he's looking at us from somewhere around here."

He hallooed at the top of his voice. A war-whoop answered almost in their ears that made the blood leap in both boys. Even Dave wheeled with cocked rifle, and the lad stepped from behind a bush scarcely ten feet behind them.

"Well, by gum," shouted Dave, "foolish us, after all."

A faint grin of triumph was on the lad's lips, but in his eyes was a waiting inquiry directed at Harry and Hugh. They sprang forward.

"We're sorry."

On Firefly, Harry buckled the boy's saddle and motioned for him to climb up.

"He's your horse, cousin," said Harry. "My father sent him to you and says his home is yours whenever you please. And Barbara sent her love."

At almost the same hour in the great house on the James the old

ness, could they guess what the guttural speech meant, until Erskine turned to them.

They were not on the war-path against the whites, he explained. His foster-father, Kahlo, the big chief, the king—was very ill, and his message, brought by them, was that Erskine should come back to the tribe and become chief, as the chief's only daughter was dead and his only son had been killed by the palefaces.

They knew that in the fight at the fort Erskine had killed the Shawnee, his tormentor, for they knew the arrow, which Erskine had not had time to withdraw. The dead Shawnee's brother—Crooked Lightning—was with them. He it was who had recognized the boy the day before, and they had kept him from killing Erskine from the bushes.

He sat on his horse like a king and spoke as a king. He thanked them for holding back Crooked Lightning's evil hand, but—contemptuously—he spat toward the huge savage—he was not to die by that hand. He was a paleface and the Indians had slain his white mother. He had forgiven that, for he loved the old chief and his foster mother and brother and sister, and the tribe had always been kind to him. Then they had killed his white father and he had gone to visit his kindred by the big waters, and now he loved them.

"I will come when the leaves fall," he concluded, "but Crooked Lightning must pitch his lodge in the wilderness and be an outcast from the tribe until he can show that his heart is good." And then with an imperious gesture he waved his hand toward the west.

"Now go."

It was hard even for Dave to realize that the lad, to all purposes was actually then the chief of a powerful tribe, and even he was a little awed by the instant obedience of the savages, who, without a word melted into the bushes and disappeared.

It was nearing sunset and from a little hill Dave pointed to a thin blue wisp of smoke rising far ahead from the green expanse.

"There's the fort boys," he cried.

**T**HE green of the wilderness dulled and burst into the yellow scarlet and the russet. "This glory in turn dulled the leaves, like petals of withered flowers, began to drift to earth."

Through the shower of them went Erskine and Firefly.

From his coonskin cap the bushy tail hung like a plume; his deer-skin hunting-shirt, made by old Mother Sanders, was beaded and fringed—fringed across the breast, at the wrists, and at the hem, and girded by a belt from which the horned handle of a scalping-knife showed in front and the head of a tomahawk behind; his powder-horn swung under one shoulder and his bullet-pouch, wadding, flint, and steel under the other; his long rifle across his saddle-bow. For food he carried only a little sack of salt, for his rifle would bring him meat and the forest would give him nuts and fruit.

On the fourth day he reached the river and swam it lolling rifle and powder-horn above his head. On the seventh he was nearing the village where the sick chief lay, and when he caught sight of the topees in a little creek bottom, he fired his rifle and putting Firefly into a gallop and with his right hand high swept into the village.

"FOUR MORE DAYS AND WE'LL BE THERE."

The flags of the chief's tent parted and his foster-mother started toward him with a sudden stream of tears and turned quickly back. The old chief's keen black eyes were waiting for her and he spoke before she could open her lips.

"White Arrow! It is well. Here—at once!"

Erskine had swung from his horse and followed. The old chief measured him from head to foot slowly and his face grew content.

"You must ride north soon to carry the white wampum and a peace talk. And when you go you must hurry back, for when the sun is highest on the day after you return, my spirit will pass."

He turned his face and went back into sleep.

The lad saw an aged Indian emerge from one of two tents that sat apart on a little rise.

"Who is that?" he asked.

"The new prophet," said his foster-mother.

An armful of pine fagots was tossed on the blaze, and in a leap of light he saw the face of a woman at the other tent. Startled, he caught his mother by the wrist.

"And that?"

"A paleface, Kahlo bought her and adopted her but"—the old woman gave a little guttural cluck of triumph—"she dies tomorrow. Kahlo will burn her."

"Burn her?" burst out the boy.

"The palefaces have killed many of Kahlo's kin!"

A little later when he was passing near the white woman's tent a girl sat in front of it pounding corn in a mortar. She looked up at him and, smiling, she had the skin of the half-breed, and he stopped startled by that fact and her beauty—and went quickly on. He turned to find his foster-mother watching him.

"Who is that girl?" The old woman looked displeased.

"Daughter of the white woman."

"What is her name?"

"Barb's Mary."

He would like to know more of those two, but the old Indian woman caught him by the arm:

"You will only make more trouble. He followed the flash of her eyes to the edge of the firelight where a young Indian stood watching and scowling."

"Who is that?"

"Black Wolf, son of Crooked Lightning."

Within the old chief called faintly and the Indian woman motioned the lad to go within.

"Talk!" he commanded.

"I have been with my people," said the lad simply. "They are many and strong and rich. They have big houses of stone such as I had never seen and they plant more corn than all the Shawnees and Troquois."

**Team Runs Off; Bumps Into Auto**

A team owned by The Stockham  
Company figured in a long run away  
Thursday about eleven o'clock. The  
team was hitched to a produce deliv-  
ery wagon the driver being in a gro-  
cery delivering potatoes when the  
dancer bell at the railroad crossing  
started to ring.

This frightened the horses and  
they started to run, not stopping until  
they had gone west on Eleventh to  
Washington, south on Washington to  
Elghth, east on Elghth to Waller and  
north on Waller to near Eleventh  
street, where a man stopped them.  
In making the turn at Eleventh

and Washington the wagon was  
thrown against a light delivery  
wagon driven by C. E. Fuller of  
Earlytown. Fuller was thrown across  
one of the wheels of this wagon and  
his back was sprained. His wagon  
was also damaged. This crash did  
not halt the frightened horses and  
only caused them to go faster in their  
mad flight.

Dear Dolly—Words cannot express my appreciation of the very appropriate answer which you gave the person who thought it peculiar that anyone should keep their window shades down all the time. You have no idea how neatly you hit the spot. I am not sure the article was meant for me but it surely applies to the neighbors as to the "nosey" part. This is merely to thank you for your answer, personally I do not care what their opinion of my actions are.

Not One of the "Nosey" Ones.

Dear Miss Wise—We would like to know who the gentleman is who wears glasses who is always standing on the First National Bank corner morning noon and night. He has an office near the post office. Dolly, we admire him very much and would be so pleased if you would tell us.

would be lots of fun to know how. My husband is as good to me as he can be and I don't want to hurt his feelings, but I would love to learn to dance. Dolly, I can't see any harm in going to home dances and having a little fun. Please give me your best advice.

**YOUNG MATRON.**

Since your husband does not care to dance I do not think it would be advisable for you to learn. He would not go with you to dances and if you went with anyone else there would be trouble. If you did coax him to go, he might meet some other woman he liked to dance with better than he did you. If he is good to you and likes his home don't force him to go to dances or some one may take him away from you.

**SOCIETY**

On Thursday afternoon an interested group of Portsmouth women listened to an able address given by Miss Gladys Pyle, National Field Worker and Organizer for the League of Women Voters, at the Public Library. Mrs. Orson H. Ogier, district chairman of the League of Women Voters, presided at the meeting and introduced the speaker. Following the address a temporary organization was effected with Mrs. Ogier as county chairman, Mrs. J. D. Jordan local chairman and Mrs. Lydia Rowe as secretary. Another meeting is planned for early in March, at which time a permanent organization will be made.

Miss Pyle said in part:

"The most powerful instrument in American public life today is public opinion. Well directed, intelligent, public opinion can accomplish results impossible for laws, government and for police. She spoke of public opinion as being the final court of appeals in matters of legislation, law enforcement and all matters of public action and public policy.

"Recognizing the power of public opinion, the women who were behind the organization of the League of Women Voters were possessed of the idea that the standard of American government and politics were dependent upon the intelligence of the voter.

"To accomplish this result, said the speaker, "the political education of women was made the basic principle in the organization, political education being more than mere knowledge of the method of marking the ballot, but being intelligent comprehension and conviction regarding all matters determined by the vote."

Miss Pyle explained the league as being strictly non-partisan, urging all its members to work in the parties, to belong to parties because they believe in the principles for which their parties stand, but always to keep a clean American conscience on a high plane above party lines.

Regarding the possibility of the league's becoming a political party, Miss Pyle's answer is emphatically—NO. History of political parties in America point unmistakably to the fact that it is not possible to have any type of party in America which is not based upon principle.

The League of Women Voters works for intelligent citizenship and for needed legislation, containing its legislative work primarily to matters of child welfare, women to industry, hygiene food supply and demand. It is an organization of two million, organized in every state of the union, working with the common aim—"Every woman an informed voter."

In closing, the speaker appealed to those present to assume their obligations in American politics and public life. "Five times have American youth given their blood in defense of the principles of democracy.

"Valley Forge, Libby Prison, Flanders Field have all taken their toll of the young blood of America.

"The defense of the principle of democracy has ever been close to the hearts of the American people.

"The present task of the nation is to make democracy work. Let us put our shoulder to the task and let the energy be spent to make democracy function."

Mr. and Mrs. Charles Mason entertained with an informal party last evening at their home, 1045 Fifteenth street. The evening was spent in games and music, the latter being furnished by York and Smalley, and at a late hour a delicious lunch was served. Those present were Mr. and Mrs. George Clifford, Mr. and Mrs. Delmar Scott, Mr. and Mrs. Andrew Weber, Mr. and Mrs. Gordier, Candill, Mr. and Mrs. Russell May, Mr. and Mrs. Floyd Smith, Mr. and Mrs. Dan Stroud, Mr. and Mrs. John Davis, Mr. and Mrs. Theodore Graham, Mr. and Mrs. Add Stroud, Misses Helen and Hazel Taylor.

Delegates from all over the state were present at the convention, and addresses were made by Mrs. Mary McWhorter, of Chicago, Mr. Joseph P. Quinn and Mr. John O'Dwyer. The meeting was followed by a banquet to which several hundred guests were invited.

Mrs. Dolly Doyle of Grandview avenue has returned from a visit to relatives and friends in Lewis county, Kentucky.

Va. The evening was spent in playing games and music. Maude McBrayer gave a reading, after which they were invited into the dining room. The Mysok Club met yesterday afternoon at the home of Mrs. W. C. Staley on Seventeenth street. Barker, Mrs. Charles Correll and son Junior, Mrs. Charles Brooks and Mrs. W. C. Staley. The next meeting will be at the home of Mrs. Marshall White on Richmond avenue.

Plans are being perfected for the George Washington Birthday party Wednesday evening, February 22nd, at the home of Mrs. J. S. Thomas, 717 Waller street, with Mrs. J. S. Radwin assisting. Judging from the enthusiasm displayed by the members, this promises to be a red letter day in the calendar of the Joseph Spencer Chapter, D. A. R. An interesting program has been arranged for the evening. Mrs. Thomas requests that all members expecting to attend notify her some time Saturday.

The minute he touched the mountain he gave such a bounce that he landed on a distant island.

USKINS said that he had an errand in his own country and that he'd leave the Twins with the Mushrooms, if they didn't care.

"You've been a big help," he told them in parting, "and thank you very much. I hope you'll have no trouble in finding the last record of Longhead the Wizard, because I know the Diddlewevers are very fierce, and the Korknotts are very savage and there will be all sorts of trouble until it is found."

He disappeared then, and the last the Twins saw of him was a pair of large boots stalking away over the tree-top.

"Come," said the Magical Mushroom, "you have your Magic Green Shoes. You'll have to go at once to the first mountain. It was there that Nimble Toes lost the record that told whether the Diddlewevers with the blue hair were more handsome than the Korknotts with the green heads."

"The first mountain is made of rubber and no one can cross it. That is, no mortal at all, or no fairy who forgets the charm," said the Magical Mushroom. "And Nimble Toes forgot the charm. The minute he touched the mountain he gave such a bounce that he landed on a distant island, and the record went spinning out of his hand. No one can tell where it went. Whether to the bottom of the sea or up to the sky. And as long as it is lost the Diddlewevers and the Korknotts will be at war, and there is no hope for peace because the question must be decided."

"Couldn't we go back to Longhead the Wizard and get him to say it over again?" said Nick.

"No, that wouldn't do," said the Mushroom. "Because Longhead won't say things twice. I've a suspicion that he forgot, but of course he won't let on. We'll have to find the record."

### SOCIETY

Howard Lowry, a former resident of Portsmouth, who is now attending college at Wooster, Ohio, represents his school tonight in oratory. It is a great honor for a man to be chosen "College Orator" and at the close of his Sophomore year this honor was bestowed upon Mr. Lowry in spite of keen competition from members of the upper classes. The state oratorical contest will be held at Wooster tonight and Mr. Lowry speaks in contest with members of Ohio University, Muskingham, Hiram, Oberlin, Baldwin Wallace, Heidelberg. The winner of this contest is Ohio's representative in the divisional contest which includes a number of the states around Ohio. Mr. Lowry succeeds Dunbar, a Wooster man who became national orator last year. To become a national orator is to become a "marked man." The best wishes of his Portsmouth friends are extended to Mr. Lowry as he goes on the platform tonight.

Sixty guests enjoyed a party given last night by the Senior Christian Endeavor of the Second Presbyterian church. The entertainment for the evening was presented by Mr. Frank McMahon and Mr. Baughman who kept the members of the Christian Endeavor in a continual uproar. When Mr. Young asserted that he could hypnotize any one in the crowd there were mutterings of "Fakir, Fakir, Throw him out," but when Moffitt Edwards, who knew his act, came across with a wonderful demonstration of a suffering man with the nightmare, the skeptics were silenced. The hypnotist wishes to thank that individual for so thoroughly selling his proposition. He would not be an asset to any fakir.

### STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets; the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

### SCOUT COUNCIL CONSIDERS PROTESTS

The Boy Scout local council wrestled with the basketball problem last night and made some very radical changes before they got through.

The protest of Troop 17 in regard to Raymond Lewis' playing in their game with Troop 17 was allowed, and the game ordered thrown out. On the other hand, Raymond Lewis was given permission to play with Troop 17 for the rest of the season.

The local council also reversed the ruling of the scout executive, in allowing Scouts 17 years old, under 5 feet 6 inches in height to play in the Junior League, and ordered the requirements for the Junior League to stand as originally made. Games in which such 17 year old Scouts have played are consequently automatically thrown out, making great difference in the standings of the Junior League.

## OBITUARY

James Gillen

Another of Scioto county's lifelong residents and best known residents of the West End was called to the land of Eternal Rest today when James Gillen answered the final summons at five A. M. at his

home, 224 Jefferson street. He had been ill for some months prior to the time he took his bed a year ago last October. His condition never improved and in the last few days he grew much worse. He had been in a semi-conscious condition for over forty-eight hours, death not coming unexpectedly to his relatives and immediate friends who were aware of his dangerous condition. Death was caused by complications.

the final call coming as a relief to his weeks and months of illness. Despite it all he had maintained a pleasing disposition and was always glad to see his friends.

Mr. Gillen was born, at Franklin Furnace, eastern part of Scioto

country. At the time of death he was 71 years and ten days old his 71st birthday anniversary being celebrated February 7.

While still a boy on the farm he formed a love for horses and while a young man bought and sold many horses. Later he followed the horses on the race tracks in this section. He had been a driver in many races in this part of the country. During

the last few years he had worked for Dr. Joseph Gill, veterinary surgeon. After giving up his active driving of the faster horses Mr. Gillen kept a close watch on the work of the fast steppers he had learned to love so well and he was always well posted on facts pertaining to horses and of the track.

Mr. Gillen was married to Miss Mary Regel on the eastern part of Scioto county. Twenty-one years ago the family moved to Portsmouth and located on Jefferson street where

Mr. Gillen died. Of five children born to this union four survive. A daughter died in infancy. Left to mourn the death of a kind and loving husband and father are the widow, Mrs. Mary Gillen and four children, Mr. J. J. Grace, Harry Gillen, Carl Gillen and Mrs. Albert Blum, all of this city.

He is also survived by a brother, John Gillen, of Seattle, Wash., and two sisters, Mrs. George Staton of this city and Mrs. John Herrell of Columbus. He also leaves a legion of friends who will greatly miss him. The deceased was a member

## Tonsils All Swollen Up Again!

MORE INFECTION

Perhaps you ought to have them out, but if you don't want to do this now, rub a little Lanolated Iodine on your throat tonight. In most cases, the results are great and you don't have to stain yourself all up in order to kill the infection. "De-Jano's Lanolated Iodine" was made to overcome this. You can get a jar that goes a long ways at a reasonable price from James A. Hieger and Bishop & Streich or any good druggist.

You won't confine its use to your throat. It's a household remedy that heals and kills infection. Just ask for De-Jano's Lanolated Iodine.

**TAKE SALTS TO FLUSH KIDNEYS**

Eat Less Meat if You Feel Backache or Have Bladder Trouble

Most forms of acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels: removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick head, ache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush out the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear.

This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

## Sue To Collect Back Bill

CLEVELAND, O., February 17.—(By the Associated Press)—The first suit to collect from the city unpaid 1921 bills that Mayor Fred Kohler has declared the city will not pay until compelled by court order to do so, was filed in common pleas court today by the Brandt Company, local food dealers.

The company asks \$15,406.76 for meats and provisions furnished the city during the last five months of 1921. Most of the amount is due for supplies used at the infirmary, sanatorium, city hospital and Warrenville farm.

The city council finance committee is considering the appropriation in the 1922 budget of a special fund to meet all or part of the \$15,000 bills of 1921, which Mayor Kohler has declared will not be paid by his administration except under court orders.

## Denies He Is An Atheist

MADISON, WIS., February 17.—(By the Associated Press)—E. A. Birge, president of the University of Wisconsin, today replied to assertions of William J. Bryan, made here a year ago and repeated recently, that he is an atheist and "an unfit teacher" for students because of his acceptance of modern science, including the theory of evolution.

In a letter to the Rev. E. S. Worcester, pastor of the First Congregational Church of Madison, in which President Birge has been an officer for 40 years, he re-asserted expressions made to Mr. Bryan following his speech to students here, declaring that he had never found it necessary to justify religion to science or excuse science to religion.

"I have accepted both as equally divine revelations and both as equally wrought into the constitution of the world," President Birge said.

Mr. Bryan had objected to expressions of President Birge that his teachings were causing injury to religion because of his attempt to unite the teachings of the Bible to "discredited scientific hypothesis."

and he had said that "when the people of Wisconsin have enough money to pay the salary of a university president they expect to find some one who will not ridicule the religion of the parents and grandparents of the students."

## Brisk Bids For Seats

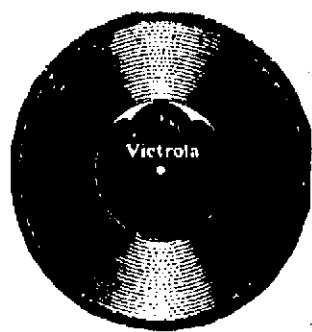

LONDON, February 17.—(By the Associated Press)—In London it will cost some persons who can afford to pay it the equivalent of \$75 or more for a glimpse of the royal processions by Buckingham Palace and Westminster Abbey on the day of Princess Mary's wedding, February 21. Bidding for seats at windows or on the roofs of buildings flanking the processional route about a mile in length is progressing briskly. The vantage points most coveted are those about Parliament Square, adjacent to Westminster Abbey, as these will afford a view of the arrival and departure of the wedding party.

Westminster hospital, opposite the abbey, is counted the "grand stand" for the occasion. This hospital is in urgent need of funds. The urgency will be lessened in a degree by the readiness of scores of people to pay generously for accommodations.

## To Conduct Survey Of Storages

COLUMBUS, O., February 17.—(By the Associated Press)—R. M. Black, chief of the state division of dairy and foods, will go to Cleveland at once to conduct a survey of cold storage and dairy conditions there, following reports to state officials that quantities of fish and meats are being held in cold storage at Cleveland and other parts of the state beyond the time provided by law.

According to reports compiled by Mr. Black, more than 400,000 pounds of fish, meat and meat products, held beyond the specified time, is now in storage in Ohio, most of it in Cleveland. Other overstocked storage has been found at Columbus, Cincinnati, Sandusky and Toledo.

Under the law, not one pound of this storage food can be sold in Ohio, and can not be shipped out of Ohio, without federal inspection. The state department is planning to notify owners that such food, where in good condition, may be inspected and given to charitable institutions. Two cold storage firms followed this suggestion today.

In Cleveland, four firms are reported to have fish and meats held over the legal time limit. Six such firms are listed in Cincinnati, seven in Columbus, one in Toledo and four in Sandusky.

## Sheriff Is Removed From Office

ARMORE, OKLA., Feb. 17.—Buck Garrett, suspended sheriff of Carter county, was found guilty by a jury in district court here today on the fifth account of ouster charges, alleging misconduct and ordered permanently removed from office.

Garrett was suspended from office January 18. He was represented by 18 attorneys.

The ouster petition charged alleged failure to enforce the prohibition laws, the gambling law, the laws against operation of immoral houses and assisting the defendant in a criminal action brought by the state.

Garrett was the second sheriff of Carter county after Oklahoma was admitted to the union and has held office since continuously.

The state's charge of alleged corruption conditions in the oil fields of Carter county, as an outgrowth of its investigation, includes ouster pro-

ceedings against Chief of Police N. A. (Lem) Bates, of Healdton, and Chief of Police W. K. Hightower, of Ardmore.

Ouster proceedings against J. H. Langston, mayor of Healdton, were dismissed yesterday by the assistant attorney general following Langston's resignation "for the benefit of the community."

**Selects Make Reply**

In reply to the letter sent to the Times by the South Webster Selects last night issued the following statement:

"In reply to the challenge hurled at the poor Selects by the famous South Webster Selects, who played the original Selects a good game of football at South Webster last Tuesday night, and came out on the short end of the score, we were under the impression that we were doing them a favor by playing them a game. We might state at this stage of the game that the Selects were to get all the proceeds up to \$50, and when they came to settle up with us they paid us \$30, which sum we know for an absolute fact to be way under the amount they took in. We were sports enough to let their own man on the door and took the money they gave us without a kick.

"If the South Webster (pirates) desire to play a real team again such as the Selects, they will have to come out of their box, and play on a level man's floor. We will give them two weeks practice on the P. H. S. floor and play them on any terms they might offer, and if they beat us we will pay them everything, and also give up the game. We will

also pay half the expenses of an outside competent referee. If they do not care to play in a regulation gym, we will rent a store room and make them fight here—that all of the South Webster people should not be judged by this cheap squeal from a few pickers. There are a few sports out there.

### A Safe Guide

Christ is God, the Holy Ghost is God, the Eternal Truth. Christ commissioned His church to teach the truth to all nations. He sent the Holy Ghost to abide with His church and guide her in all truth. She is protected against error, she teaches clearly and definitely, what one must believe and do, to be saved. The church does this through a general council of all her bishops; she does this through the Bishop of Rome, her head teacher, St. Paul declares the Church to be the pillar and ground of truth. She is a safe guide to lead us to heaven.

## BLAIR AND BUTLER WAITING ON GONG; BOTH BOYS IN FINE FETTER FOR TONIGHT'S BATTLE

### Five Bouts On Attractive Card; Promoters Make Arrangements To Handle A Record Crowd

#### THE CARD—LOOK IT OVER

"8-Ball" Bishop-Ben Hamilton, 4 rounds.  
Bob Cooper-"Peck" Donathan, 4 rounds.  
Kid Suter-Bert Gaus of Canton, 6 rounds.

George Chapman-Jimmy Brown of Cincinnati, 8 rounds.  
"Nig" Blair-Earl Butler of Cincinnati, 10 rounds.

The above card is the fistic program in the Auditorium, Gallia and Bond streets tonight and from present indications the largest crowd that ever attended a boxing show in this city will be on hand.

Fans from many of the nearby cities will have ring side seats and promoters of the show assure the fans that arrangements have been made to take care of a record crowd in a systematic manner.

The first preliminary will start sharply at 8:30 and there will be no tedious delays between scraps. There will be action every minute of the

way, fans, and it looks like a big rollicking night with those who revel in the gloved art. There is nothing but class to the card and three of the bouts will bring out of town boxers to the city.

Naturally the chief interest will be centered in the Blair-Butler ten round stanza. And it is expected to be one genuine boxing match.

The crowd of course will be pulling for Blair, but Butler will not be without his friends and there will be much good natured rooting at the fight, rooting that adds spice and zest to any boxing show. Chapman, Suter, Donathan, Cooper, Hamilton and Thomas will have their friends on hand and they will be pulling hard for them to win.

From all angles it surely looks like a memorable night in local fistic circles and all roads will lead to the Auditorium.

Better get your seats reserved early at Cropper's place on Gallia street and avoid the jam at the door tonight.

### MANY YANKEES ARE HOLDING OUT

NEW YORK, Feb. 17.—These are peculiar days for the New York Yankees. Baseball calls it a hold-out season, but the situation is described as a strike in labor circles.

Babe Ruth, lamplighter-extraordinary of the horsehide, thinks he ought to have more money—and measures the "more" in the thousands. Little Aaron Ward, keeper of the keystone sock, let it be known from Fort Smith, Ark., that he wants his salary increased to \$10,000 and won't play the second station until

he gets it.

Of the pitchers, Waite Hoyt is the only one to come to terms so far. Waite recently announced himself a hold-out, then got married and made peace. "Bullet Joe" Bush and Sam Jones, obtained from the Boston Red Sox, feel that their "advancement" entitles them to increasing salaries. Rob Shawkey, famous for his red nose, declares, in his opinion that he, too, is deserving of a little monetary gain, and Carl Mays talks about a higher check for 1922.

### Britton Vs. Shade Tonight

NEW YORK, Feb. 17.—Jack Britton, who was whipping first rate pugilists before Dave Shade, of California, ever heard of a boxing bout will defend his world's welterweight title against the youngster in a 15 round decision match here tonight.

It is said that the champion believes in his age—he is 37—and is unwilling to slip and that he will not be able to withstand the assaults of the 29 year old lad from San Francisco.

Shade has had success since he came east. His aggressiveness has carried him to victory in a majority of his bouts.

Britton hasn't been very active in the last year, excepting in a series of bouts with lesser lights. They say he hasn't the punch, nor the shiftness that marked his bouts of several years ago, when he was playing hide and seek the championship with Ted "Kid" Lewis.

### BUTLER WILL BE SLIGHT FAVORITE

When Earl Butler, Cincinnati's sensational lightweight, and Nig Blair enter the padded arena in the Auditorium tonight, Butler, by reason of his experience will be a slight favorite. However, after one or two

rounds the betting probably will shift to Blair, who is a tough boy, a rugged slant-bang fighter, who may hang up a little ring history tonight. Just stick a pin in this prediction.

### Say Faults Of Football Exaggerated

BOSTON, Feb. 17.—The views of an undergraduate of prominence on the criticism and of an educator who thinks too much has been made of football were heard from the same table when Malcolm P. Aldrich, captain of the Yale eleven, last fall, and a Lawrence Lowell, president of Harvard university, spoke at the annual dinner of the Yale Club of Boston last night.

The faults in football have been exaggerated, Aldrich said. The game as a whole was under attack because several small faults had been given undue prominence.

Football has merely kept in stride with the wishes of the public, instead of football luring the public to follow it. The part that the gridiron sport plays in the athletic life of the nation was indicated, he said, in the fact that it supported nearly all the other sports of the college. He

pointed to the athletic treasury by saying that all necessary college athletics could be supported without the aid of the revenue from spectacular public exhibitions. While believing there should be annually one supreme struggle between Harvard and Yale in football, he thought the habit which had grown up of providing exhibitions for enormous crowds almost every week for a certain period of the year was open to objection.

The undergraduate, President Lowell thought, preserved a true balance of the importance of all the activities, but the annual and to a greater degree the general public did not because they saw only the spectacular.

### Ward Is Holdout

FT. SMITH, ARK., Feb. 17.—Aaron Ward, New York Yankee second baseman, said today he had returned his second unsigned contract for the 1922 season. "They offered me \$10,000 this time," he said. "I want \$10,000 a year and I'll sign no contract until I get it."

President Lowell and President Angell, of Yale, would reach some happy agreement as to the football of the future, but thought there was little need for change.

### TO MEET REAL TEAM IN GREENFIELD FIVE

The P. H. S. basketball boys have a real job on their hands tomorrow night, when they meet the fast Greenfield five in the local gym the game to start at 8:00 o'clock sharp. Greenfield won from P. H. S. at Greenfield and the team expects to repeat here. Coach Fries has put the local quintet through some stiff workouts this week and is confident the Red and Blue representatives will hold the visitors down tomorrow night.

Some idea as to the class of the Greenfield five may be judged from the following Greenfield account of their victory over the fast Stivers High School of Dayton:

"The far-famed quintet representing Stivers High School of Dayton, for three successive years the undisputed champions of Ohio, appeared on the local floor on last Friday night, and after forty minutes of strenuous play was forced to lower its colors before the speedy McClain aggregation. The score, 19 to 15, would indicate that the teams were evenly matched. Rarely, if ever, has a better or more exciting game been played in the McClain gymnasium, the scene of many a strenuous combat.

"The score at the end of the first half was 10 to 6 in favor of McClain. Shortly after the second half began Stivers tied the score by brilliant team work. Then McClain forged ahead never to relinquish their lead until the hook of the Claxton announced the end of the game. Stivers is the only team that has appeared here this year which has forced the local basketballers to work to the limit in the final period.

"Both teams used the five man defense effectively, but McClain was the more successful in penetrating its opponent's line. In this one respect McClain had the edge on Stivers. The victory may probably be attributed to this fact. Stivers was forced to depend upon long shots, only a few of which registered."

#### FIGHT FACTS

Doors at the Auditorium will open at 7:30.  
The first preliminary will start promptly at 8:30.  
Blair and Butler will enter the ring at the 140 mark.  
Blair finished up his training today and is fit as the proverbial fiddle.  
Butler, the best lightweight in Cincinnati says he is a sure winner. We shall see.

Tonight, at eight o'clock, the Portsmouth high school girls' basketball five play in the Sciotoville gym, the game to start at eight o'clock. This will make the second time this season these two teams have met. The

first game was close and hard fought and tonight's engagement is expected to be another exciting contest. A number of P. H. S. fans will go to Sciotoville to witness the combat.

Games This Week  
Friday: Court House vs. Trinity Cubs at Moose hall, umpire J. Brunby.

For the first time since the new ball started, the Bankers lost first place in the Portsmouth League, when the United Brethren joyfully took three from them. The Bankers had one man absent and were a little off their usual form, and that was the undoing of the Bankers. Er-furth succeeded best in rising to the occasion and was the decided star of that side of the net. The whole P. H. S. team played as they never played before, passing the ball up to the net men, who put it "where they ain't" most decidedly. Schusky and Reinhardt starred at serving, the former making a run of 10.

United Brethren: Marion Prosch captain, Orville Morris, F. Bruce, A. Southworth, Ernest Schusky, Albert Reinhardt.

Bankers: Tol. McNamara captain, Ray Kyrth, Wylie Young, Wm. Hopkins, John Brunby.

Games This Week  
Friday: Selby Cubs vs. Christian Vets at Wilhelmite hall; High School Faculty vs. Nigelows at high school, umpire Roscoe Donohoe.

Saturday: Phi Psi vs. Selby Leaders.

In the three hottest and best played games seen in the city this year the Christian Vets and Cubs fought it out last night. Phenomenal playing was the feature of both sides. The Vets won the first 21-16. The Cubs grabbed the second 21-20. The third was terrific. Arthurs and Huns slammed the ball in most unexpected and effective starts. Bassman and Hook killed it. Post started at net and Edwards placed it. Lorey started at serving, and both Groh and Edwards made spectacular returns. The Vets took an early lead, but the finish was close and in doubt till the last, but went to the Vets, 21-10.
